INFORMATION FOR MEMBERS

The attached tax invoice and membership form is your renewal for **1 January 2010 to 31 December 2010**.

Please note that all members of the Canberra Mathematical Association (CMA) are automatically members of the Australian Association of Mathematics Teachers (AAMT) and hence qualify for discounted prices on resources, journals and professional development. The CMA pays \$25 of your membership to AAMT, which includes GST. However, the CMA has chosen not to register for the GST, hence the remainder of your membership — which is used to coordinate professional development, to cover general running expenses and specific items (for example, sponsorship of students to attend the National Mathematics Summer School) — is GST free.

The journals listed on the membership form are produced by the AAMT. CMA pays all subscriptions including the GST component directly to AAMT. Thus the GST paid in your membership, and in any journal subscriptions, has been paid to the AAMT (ABN 76 515 756 909), NOT the CMA.

Journals

One of the following journals is included in the membership fee*.

- The *Australian Primary Mathematics Classroom (APMC)* is issued four times a year, published by AAMT. It is a journal written for anyone interested in primary mathematics education, but is primarily for classroom teachers; it considers current issues, encouraging reflection of practice, and promotes innovation as part of the evolving nature of mathematical pedagogy.
- The *Australian Mathematics Teacher (AMT)* is published in four issues each year by AAMT. It is a journal to serve as a medium both for the exchange of ideas and experiences in the teaching of elementary mathematics and for the instruction of teachers in the trends and developments of mathematics education at home and abroad. Aimed at teachers of mathematics in Years 7–10.
- The *Australian Senior Mathematics Journal (ASMJ)* focuses on the teaching of mathematics for Years 11, 12 and early tertiary years; there are two issues each year, published by AAMT.

Membership categories

- **Joint** membership applies to two people living at the same address (two journals included).
- **Concessional** membership is available to students and to unemployed or retired teachers.
- An institution or corporation may become an **Institutional** member. An Institutional member may nominate two people to attend any professional development or other activities at members' rates. One journal is included in the Institutional rate.
- ***Student** membership is available to students studying to become teachers – this membership enables online access to the HCF newsletter only (no journals) and discount on AAMT resources and CMA activities.

Membership benefits

All members receive:

- notices of CMA meetings and workshops by Email
- discounted rates for all CMA Wednesday workshops, the conference and other activities
- the opportunity to participate in the development and improvement of mathematics education in the ACT
- membership of The Australian Association of Mathematics Teachers Inc.
- an AAMT journal
- *Highest Common Factor* (AAMT newsletter)
- *AAMT Mathematics Resources Catalogue* with substantial discounts on recommended retail prices.

CANBERRA MATHEMATICAL ASSOCIATION Inc.

An Affiliated Association of the Australian Association of Mathematics Teachers Inc.

PAYMENT DETAILS

Membership Fee \$ _____

Plus Additional Journal(s) \$ _____

TOTAL \$ _____

METHOD OF PAYMENT

- I have enclosed a cheque/money order payable to CMA *or*
- I have paid online. Please put your surname and initials when naming the payment e.g. SMITH MFM
BSB: 805-022
Account # 4071021 Canberra Mathematical Association

Please return this completed form to:

CMA Inc.
P.O. Box 3572,
Weston ACT 2611

MEMBERSHIP CATEGORY

Please note that only certain components of this cost attract GST. Included is a capitation of \$25 per membership we pay to AAMT.

Please tick as required

- | | |
|----------------------------------------|----------|
| <input type="checkbox"/> Individual | \$75.00 |
| <input type="checkbox"/> Joint | \$120.00 |
| <input type="checkbox"/> Concessional | \$60.00 |
| <input type="checkbox"/> Institutional | \$120.00 |
| <input type="checkbox"/> Student** | Free |

** This membership only has access to the HCF newsletter online; additional journals must be paid for.

JOURNAL(S)

Your membership entitles you to receive ONE of the following AAMT journals at no extra cost. (Joint memberships will receive TWO journals at no extra cost; Student memberships receive NO journals.)

Please tick as required

- Australian Primary Mathematics Classroom*
- The Australian Mathematics Teacher*
- The Australian Senior Mathematics Journal*

ADDITIONAL JOURNALS

Please tick if you wish to purchase any of the following journals in addition to your membership entitlements.

Subscriptions are:
